O & R Request

DATE: June 9, 2022

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)
(This in no way reflects a recommendation on behalf of the Mayor.)

THROUGH: J.E. Lincoln Saunders, Chief Administrative Officer

THROUGH: Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Kevin J. Vonck, Director, Department of Planning and Development Review

RE: To authorize the special use of the properties known as 1201 North Arthur Ashe Boulevard, 1119 North Arthur Ashe Boulevard, and 1117 North Arthur Ashe Boulevard, for the purpose of a mixed-use building that does not meet all feature requirements of the underlying zoning, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the properties known as 1201 North Arthur Ashe Boulevard, 1119 North Arthur Ashe Boulevard, and 1117 North Arthur Ashe Boulevard, for the purpose of a mixed-use building that does not meet all feature requirements of the underlying zoning, upon certain terms and conditions.

REASON: The proposed mixed-use building does not meet all feature requirements of the underlying TOD-1 - Transit-Oriented Nodal District, including:

-Section 30-457.2(18)(a): No portion of such structure located along a principal street frontage or a priority street frontage shall be used for parking or related circulation of vehicles, but such portion shall be devoted to other permitted principal uses which shall have a depth of not less than 20 feet along the principal street

frontage or priority street frontage or to means of pedestrian or vehicle access, provided that vehicle access along any principal street frontage or priority street frontage shall be permitted only when no alley or other street frontage is available for adequate access.

-Section 30-457.8(a): *Location of parking and circulation areas.* Areas devoted to the parking or circulation of vehicles shall not be located between the main building on a lot and the street line, nor shall such areas be located closer to the street than the main building on the lot. On a lot having more than one street frontage, this subsection shall apply along the principal street frontage of the lot as defined in Section 30-1220 as well as any designated priority street frontage.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its July 18, 2022 meeting.

BACKGROUND: The subject property consists of three parcels of land: 1201 North Arthur Ashe Boulevard (aka 1203 Arthur Ashe Boulevard), 1119 North Arthur Ashe Boulevard, and 1117 North Arthur Ashe Boulevard. The parcels are located on the east side of North Arthur Ashe Boulevard, between West Leigh Street and West Broad Street, in the Great Scotts Addition area.

The proposal is to construct an 8-story mixed-use building containing ground-floor retail, 295 dwelling units, and 296 structured parking spaces.

The Richmond 300 master plan recommends Destination Mixed-Use Land Use for the subject property, which is described as:

Key gateways featuring prominent destinations, such as retail, sports venues, and large employers, as well as housing and open space. Located at the convergence of several modes of transportation, including Pulse BRT or other planned transit improvements.

Development Style: Higher-density, transit-oriented development encouraged on vacant or underutilized sites. New development should be urban in form, may be of larger scale than existing context, and, where relevant, should pay special attention to the historic character of the existing context. Development should enhance the public realm and create a sense of place. Many buildings are vertically mixed-use. Developments continue or introduce a gridded street pattern to increase connectivity. Ground Floor: Ground floor uses engage with, and enliven, the street. Monolithic walls are discouraged, while windows, doors, storefronts, and other features that allow transparency and interaction between building and street are encouraged. Active commercial ground floor uses are required on street-oriented commercial frontages.

Mobility: Pedestrian, bicycle, and transit access are prioritized and accommodated. Bike parking is provided. Driveway entrances are required to be off alleys whenever possible; new driveways are prohibited on priority and principal street frontages. Surface parking is prohibited as a principal use; when surface parking is provided as an accessory use, it should be located to the rear of buildings and screened. Parking requirements are reduced to allow more market-based parking strategies, including shared parking.

Intensity: Buildings typically a minimum height of five stories.

Primary Uses: Retail/office/personal service, multi-family residential, cultural, and open space.

Secondary Uses: Institutional and government.

The subject property is also located within the Greater Scott's National/Regional Node (Priority Growth Node).

Surrounding properties are located within the same TOD-1 District as the subject property. A mix of commercial, office, mixed-use, institutional, residential, and industrial land uses are present in the vicinity.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
