**O & R Request**

**DATE:** December 20, 2017    **EDITION:** 1

**TO:** The Honorable Members of City Council

**THROUGH:** The Honorable Levar M. Stoney, Mayor  
(This is no way reflects a recommendation on behalf of the Mayor.)

**THROUGH:** Selena Cuffee-Glenn, Chief Administrative Officer

**THROUGH:** Peter L. Downey, Deputy Chief Administrative Officer for Economic Development and Planning

**FROM:** Mark A. Olinger, Director, Department of Planning and Development Review

**RE:** To authorize the special use of a portion of the property known as 900 St. James Street for the purpose of a mixed-use building containing no more than 12 dwelling units, upon certain terms and conditions.

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of a portion of the property known as 900 St. James Street for the purpose of a mixed use building containing no more than 12 dwelling units, upon certain terms and conditions.

**REASON:** The proposed mixed-use development, containing first-floor medical office use and multi-family use, is not permitted within the underlying R-53 Multi-family Residential District. A special use permit is therefore required.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 5, 2018, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

**BACKGROUND:** The subject property is a portion of a 33,851 SF, or .78 acre parcel of land, and is currently improved with a four-story building constructed, per tax assessment records, in 1902 as a commercial building and is located in the Gilpin neighborhood of North Jackson Ward in the city's North Planning District.

The building has significant historic value as referenced by the Virginia Department of Historic Resources Architectural Survey. A 1981 National Register of Historic Places Survey states:

*The Saint Luke Building houses the national headquarters of the independent order of Saint Luke, a Negro benevolent society founded after the Civil War to provide guidance and financial aid to struggling freed slaves. Under the able leadership of Maggie L. Walker, the pioneering black business-woman, philanthropist, and educator, the society prospered and maintained itself when similar institutions in other cities failed. From its beginning, the organization served to bridge the gap between slavery and freedom: easing the burdens of illness and death, encouraging savings and thrift, providing an outlet for inexpensive but well-made retail goods, and promoting Mrs. Walker's ideals for her race through a news weekly. The dignified headquarters, the oldest back -affiliated office building in Richmond, was designed by John White and erected in 1903. It was remodeled and enlarged between 1915 and 1920 under the direction of Virginia Union University professor Charles T. Russell. Mrs. Walker's office in the St. Luke Building is preserved as a memorial, maintained as she left it at her death in 1934. (Virginia Department of Historic Resources, Architectural Survey Form, p. 1, 2017)*

The City of Richmond's Master Plan currently recommends Institutional and Single-Family (low density) land use for the property. Primary Institutional uses include places of worship, private schools, universities, museums, hospitals and other care facilities. (Richmond Master Plan, p. 135). The primary uses for Single-Family (low density) land use include single-family detached dwellings at densities up to seven units per acre and residential support uses such as churches, parks, and recreational facilities (p. 133).

The City's Zoning Ordinance designates this property as R-53 (Multi-family Residential). All surrounding properties are also in the R-53 district. Multi-family and vacant land uses predominate the vicinity, with some institutional, commercial, and office uses present as well.
