O & R Request

DATE: December 12, 2019

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by request)
(This in no way reflects a recommendation on behalf of the Mayor.)

THROUGH: Lenora G. Reid, Acting Chief Administrative Officer

THROUGH: Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Mark A. Olinger, Director, Department of Planning and Development Review

RE: To authorize the special use of the property known as 815 North 33rd Street for the purpose of up to four single-family attached dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 815 North 33rd Street for the purpose of up to four single-family attached dwellings, upon certain terms and conditions.

REASON: The applicant is proposing to construct four single-family attached dwellings, at 815 North 33rd Street. The property is located in the R-6 Single-Family Attached Residential Zoning District, which permits single-family attached dwellings. However, the proposed lot configuration does not meet the minimum unit width standards. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 3, 2020, meeting.

BACKGROUND: The subject property consists of a parcel totaling 9,012 SF, or .20 acres, of land. The property is a part of the Chimborazo neighborhood in the East Planning District, on North 33rd Street, between N and O Streets.

The development will consist of four single-family attached dwellings located on lots approximately 2,253 SF in area with units widths of 15'-7". The R-6 minimum unit width for single-family attached dwellings is 16 feet. The R-6 zone requires one off street parking space per dwelling.

The City of Richmond's current Master Plan designates the subject property for Single Family Medium Density (SF-MD). Primary uses are single family and two family dwellings, both detached and attached, at densities of 8 to 20 units per acre. Includes residential support uses such as schools, places of worship, neighborhood parks and recreation facilities, and limited public and semi-public uses. Typical zoning classifications that may accommodate this land use category: R-5A, R-6 and R-7. The proposed density of the project is approximately 20 units per acre.

Specifically for the East Planning District, the Master Plan states that "infill development of like density and use is appropriate" and "the predominant land uses in the District are residential in nature, and these uses should be preserved" (p. 166).

The current zoning for the subject property and properties to the south, north, and west, is R-6 Single Family Attached Residential. Properties to the east are zoned R-5 Single Family Residential. Residential (single-, two -, and multi-family) land uses predominate the area, with vacant and institutional land uses present as well.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
