### **O & R Request**

**DATE:** 8/26/2021

**EDITION:** 1

**TO:** The Honorable Members of City Council

**THROUGH:** The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)  
(This in no way reflects a recommendation on behalf of the Mayor.)

**THROUGH:** J.E. Lincoln Saunders, Acting Chief Administrative Officer

**FROM:** Kevin J. Vonck, Acting Director, Department of Planning and Development Review

**RE:** To authorize the special use of the property known as 3310 Richmond-Henrico Turnpike for the purpose of a single-family detached dwelling, upon certain terms and conditions

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of the property known as 3310 Richmond-Henrico Turnpike for the purpose of a single-family detached dwelling, upon certain terms and conditions

**REASON:** The subject property is located in the R-5 Single-Family Residential zoning district. Single-family detached dwellings are permitted uses in this zoning provided that certain lot feature requirements are met. The lot does not meet the area or width requirement. Therefore a special use permit amendment is required.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its October 18, 2021 meeting.

**BACKGROUND:** The 2,340 square foot subject property is located midblock on the western side of Richmond-Henrico Turnpike between Hazelhurst Avenue and Pollock Street. This vacant parcel is in the Providence Park neighborhood.

The proposal calls for the construction of a single-family detached dwelling. A minimum lot width of 50 feet and an area of at least 6,000 square is required for a single-family dwelling in the R-5 Single-Family Residential District. Lots of this approximate size configuration are located on the block.

The Richmond 300 Master Plan recommends Residential Uses for the property. The development style in this designation calls for *houses on medium-sized and large-sized lots in a largely auto-dependent environment. Homes are setback from the street. Future developments continue and/or introduce a gridded street pattern to increase connectivity. Future single-family housing, accessory dwelling units, duplexes, and small multi-family residential buildings are built to a scale and design that is consistent with existing buildings.*

The proposed two-story structure will be a traditional urban design that is complementary to the surrounding dwellings on the block and in the neighborhood.

All properties surrounding the subject property are located within the same R-5 Single-Family Residential zoning district. Within the area of the subject property, properties are improved with single-family detached dwellings.
