RE: The development of a gap analysis of the needs of pregnant and parenting people with opioid use disorder

ORD. OR RES. No.

PURPOSE: This transmittal speaks to two Ordinances related to the development of a gap analysis of the needs of pregnant and parenting people with opioid use disorder, to be funded by a grant from the Virginia Opioid Abatement Authority:

- 1) To authorize the Chief Administrative Officer to execute a Memorandum of Understanding between Hanover County, Chesterfield County, Henrico County, and the City of Richmond in order to facilitate the development of the gap analysis.
- 2) To accept funds from the Virginia Opioid Abatement Authority in the total amount of \$2,500.00, and to amend Ord. 2023-071 which adopted the Fiscal Year 2023-2024 General Fund Budget, by creating a new line item in the Non-Departmental Agency to be called the Henrico County OAA Planning Grant line item and appropriate \$2,500.00 to such new line item, all for the purpose of making a grant of matching funds to Henrico County to support the development of the gap analysis.

BACKGROUND: Virginia's Opioid Abatement Authority is an independent body, the purpose of which is to abate and remediate the opioid epidemic in the Commonwealth through financial support from the Fund, in the form of grants, donations, or other assistance, for efforts to treat, prevent, and reduce opioid use disorder and the misuse of opioids in the Commonwealth. The OAA offers competitive grant awards from Opioid Abatement Fund for cooperative projects involving multiple cities and/or counties.

The City of Richmond partnered with our regional counterparts on two cooperative applications in the OAA's initial application cycle; both were chosen for funding. This Ordinance speaks to one of those projects, a planning grant of \$90,000 for a gap analysis of the needs of pregnant and parenting people with opioid use disorder. The project will pay a consultant to do the analysis and report. Henrico serves as the fiscal agent and lead applicant on the project. Participating localities include Richmond, Hanover County, Chesterfield County, and Henrico County. Each participating locality is providing \$2,500 in matching funds toward the project.

The OAA has also allocated dedicated funds to all Virginia localities for their own use. Richmond has been granted and will accept \$2,500 of those funds to contribute as matching dollars toward this project. As part of the funded application, the OAA has agreed to release those matching funds to Richmond. The City will then provide those funds directly to Henrico who will facilitate the funded project. This O&R request allows for the execution of an MOU, and acceptance of and distribution of those \$2,500 matching funds.
