PURPOSE: The applicant is requesting a Special Use Permit which would allow subdivision of an existing lot and construction of a new single-family detached dwelling within the R-4 - Residential (Single Family), which is not permitted due to the lot's size. This designation is defined as a "Neighborhood consisting primarily of single-family houses on large- or medium-sized lots more homogeneous in nature." "Intensity: Buildings are generally one to three stories. Lot sizes generally range up to 5,000 to 20,000+ sq. ft. Residential density of 2 to 10 housing units per acre."

Primary Uses: Single-family houses, accessory dwelling units, and open space. Secondary Uses: Duplexes and small multi-family buildings (typically 3-10 units), institutional, and cultural. Secondary uses may be found along major streets.

The property is located in the R-4 - Residential (Single Family) zone. Adjacent properties are zoned the same R-4 - Residential (Single Family) district; surrounding land uses include residential. The proposed density of the parcel is 6 units per acre.

COMMUNITY ENGAGEMENT: No civic associations are located within the surrounding area. After introduction, surrounding property owners and residents will be notified.
