O & R Request

DATE: January 15, 2019 **EDITION:** 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (by request)
(This in no way reflects a recommendation on behalf of the Mayor)

THROUGH: Douglas C. Dunlap, Interim Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Mark A. Olinger, Director, Dept. of Planning and Development Review

RE: To authorize the special use of the property known as 2119 East Broad Street for the purpose of a dwelling unit within an accessory building, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 2119 East Broad Street for the purpose of a dwelling unit within an accessory building, upon certain terms and conditions.

REASON: The applicant is proposing to renovate a two story, 640 SF, detached garage to be converted to a two-story, dwelling unit. The property is currently located in the R-8 zoning district and the proposed use is not permitted due to lot area and parking requirements. A special use permit has therefore been requested by the applicant.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its March 4, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a 2,017 SF or .046 acre parcel of land improved with a 1,884 SF residential building constructed, per tax assessment records, in 1883 as a Single family dwelling. It is located in the Church Hill neighborhood of the East Planning District. The property is also located within the St. John's Church City Old & Historic District.

The City of Richmond's Master Plan designates a future land use category for the subject property as Single-Family Medium-Density. Primary uses for this category include "...single-family and two-family dwellings, both detached and attached, at densities of 8 to 20 units per acre. Includes residential support uses such as schools, places of worship, neighborhood parks and recreation facilities, and limited public and semi-public uses. Typical zoning classifications that may accommodate this land use category: R-5A, R-6, and R-7. (City of Richmond Master Plan). The density of the parcel if developed would be approximately 43 units per acre.

Dwelling units located in accessory buildings containing two or more stories are permitted in the R-8 District, however, the lot area requirement for a two-family dwelling (3,400 SF) must be met. A lot area of 2,017 SF exists. One off-street parking space is required to be provided for the additional dwelling unit within the R-8. However, none are proposed.

Adjacent properties on the 2100 Block of East Broad Street are of similar sized houses and lots. Rear garages are common in the neighborhood, some of which have been adapted to apartments. Residential land uses dominate the area, with some commercial and institutional land uses present as well. All surrounding properties are within the same R-8 Single family zoning district as the subject property.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
