THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)
(This in no way reflects a recommendation on behalf of the Mayor)

RE: To authorize the special use of the property known as 3615 E. Broad Street to allow a single-family home, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 3615 E. Broad Street to allow a single-family home, upon certain terms and conditions.

REASON: The request will provide relief from errors made by both the city staff and the applicant's agents by authorizing a waiver of the front yard maximum requirement for a new single family detached dwelling, located in the R-8, Urban Residential District. The building was not constructed in compliance with zoning approval. A front yard of 14.82' ± was required based on Sec. 30-413.15(1)(c) of the zoning ordinance. In this instance the building located at 3617 East Broad Street more closely represented the average of the front yard for all buildings on the block. The dwelling was constructed with a front yard of 20.4'. Other yard setback

requirements; height and lot coverage are met.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 3, 2020, meeting.

BACKGROUND: The .098 acre subject property contains a newly constructed three-story single-family dwelling. It is located midblock on the eastbound side of E. Broad Street between N. 36th Street and the terminus of E. Broad Street with alley access in the rear. The parcel is 25 feet wide and 175 feet in depth, for a total of 4,271 square feet of area. The property is located in the Chimborazo neighborhood as well as the City Old and Historic Chimborazo Park District and the Oakwood-Chimborazo National Historic District.

The City of Richmond's Master Plan designates a future land use category for the subject property as single-family medium density. Primary uses are single-family and two-family dwellings, both detached and attached, at densities between 8-20 units per acre. The Master Plan's Neighborhoods and Housing chapter notes general goals for the provision of a variety of housing choices in neighborhoods.

As noted in the applicant's narrative, the single-family dwelling was built based on plans stamped and approved by the city's Building Permits Office. With CAR approval, front yard setback for the property was determined by aligning the setback with the structure located at 3611 E. Broad Street instead of the adjacent parcel as required by the zoning ordinance. The adjacent parcel is vacant. This resulted in a front yard setback of 20 feet instead of the required 18 feet. By allowing the front yard setback to align to the structure at 3611 E. Broad Street, conformity of the street frontage is maintained in this area.

The subject property, as well as all the adjacent properties to the north, south, east and west are located in the R-8 Urban Residential District. To the northeast, across E. Broad Street is a property containing apartments and located in the R-53 Multifamily Residential District. The surrounding blocks contain primarily single-family residential uses.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
