O & R Request

DATE: October 15, 2018

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (By Request)
(This is no way reflects a recommendation on behalf of the Mayor.)

THROUGH: Selena Cuffee Glenn, Chief Administrative Officer

THROUGH: Douglas C. Dunlap, Interim Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Mark A. Olinger, Director, Department of Planning and Development Review

RE: To authorize the special use of the property known as 117 East Cary Street for the purpose of a two-family dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 117 East Cary Street for the purpose of a two-family dwelling, upon certain terms and conditions.

REASON: The applicant is requesting authorization for a two-family dwelling within a building formerly containing office use. The underlying B-3 district does not permit residential use on the ground floor of the principal street frontage (East Cary Street). A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its December 3, 2018, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a 2,678 SF or .06 acre parcel of land improved with a three (3) story, 3,975 SF former office building constructed, per tax assessment records, in 1872. The property is located at the southwest corner of East Cary Street and South 2nd Street in the Monroe Ward neighborhood within the City's Downtown Planning District and the Arts District Station area of the City's Pulse Corridor Plan.

The City of Richmond's current Pulse Corridor Plan designates the subject property as Downtown Mixed-Use which "...features high-density development with office buildings, apartments, and a mix of complementary uses, including regional destinations. Higher-density pedestrian- and transit-oriented development encouraged on vacant or underutilized sites; new development should be urban in form and may be of larger scale than existing context. Active commercial ground floor uses required on street-oriented commercial frontages. Active ground floor uses and design required on priority street frontages. Driveway entrances required to be off alleys whenever possible; new driveways prohibited on street-oriented commercial and priority street frontages. Little to no setback of new development unless to create pedestrian-oriented amenities like plazas and outdoor dining. Surface parking prohibited as a principal use; when surface parking is provided as an accessory use, it should be located to the rear of buildings and screened by shade trees. Parking requirements are substantially less in these areas than other areas of the city and are largely eliminated. Potential future zoning districts: B-4, RF-2. (City of Richmond, 2017). No residential densities are specified for this land use designation. The density of the proposed development would be approximately 33 units per acre.

Adjacent properties along the East Cary Street corridor are in the same B-3 District as the subject property. A mix of B-4 and B-5 Central Business District and M-1 Light Industrial zoning districts are present in the vicinity. A mix of office, mixed use, commercial, industrial, and residential land uses are present in the vicinity.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
