RE: To authorize the special use of 500 West Marshall Street, for the purpose of a two-family dwelling and multi-family dwelling containing up to 3 dwelling units, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of 500 West Marshall Street, for the purpose of a two-family dwelling and multi-family dwelling containing up to 3 dwelling units, upon certain terms and conditions.

REASON: The applicant is proposing multi-family use of the property, which is not permitted by the underlying zoning of the property. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its December 5, 2016, meeting. A letter outlining the Commission’s recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a 0.105 acre (4,574 SF) parcel improved with a two-family dwelling at the corner of West Marshall Street and North Henry Street and a vacant accessory structure (former garage) fronting North Henry Street. The property is located in the Jackson Ward neighborhood and Downtown (Jackson Ward) planning district and is also located in the Jackson Ward City Old & Historic District.

The subject property is zoned within the R-6 Single-Family Attached Residential District, a zoning district that does not allow multi-family residential use. The special use permit is therefore required.

The subject property falls within a General Urban Area of the Jackson Ward district, as established by the Richmond Downtown Plan. Such areas are “characterized by medium-density, mixed-use development, distributed along medium-sized blocks...This district is characterized by single-family homes, sideyard houses, rowhouses, and small multi-family buildings, such as duplexes, triplexes, and quads These buildings have variable setbacks and landscaping, and a limited mix of commercial and civic uses. Buildings...are typically no more than three stories in height. The buildings are setback from the street behind a narrow landscaped front yard. The front yard is landscaped to match the public frontage. Uses are less restricted. Parking is located on-street, or at the rear of the lot. If rear alleys exist, parking is accessed from the alley” (p. 3.23).

All adjacent properties are located within the same R-6 Single-Family Attached Residential District as the subject property. A mix of residential (single-, two-, and multi-family), commercial, mixed-use, and institutional land uses are present within the vicinity.

FISCAL IMPACT / COST: The Department Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.
