### O&R REQUEST

**EDITION:** 1

**TO:** The Honorable Members of City Council

**THROUGH:** Levar M. Stoney, Mayor  
(This in no way reflects a recommendation on behalf of the Mayor)

**THROUGH:** Selena Cuffee-Glen, Chief Administrative Officer

**THROUGH:** Peter L. Downey, Deputy Chief Administrative Officer

**FROM:** Mark A. Olinger, Director of Planning and Development Review

**RE:** Special use permit for 3407 Chamberlayne Avenue to authorize two solar panel arrays to be located within the front yard.

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of the property known as 3407 Chamberlayne Avenue for the purpose of permitting the installation of solar panels within the front yard, upon certain terms and conditions.

**REASON:** The applicant is proposing to install two solar panel arrays that would be approximately six and a half feet in height within the front yard between the existing single-family dwelling and Chamberlayne Avenue. The subject property is located in the City's R-48 Multi-Family Residential zoning district, which requires a 15 foot minimum front yard. The proposed solar arrays would be located outside of the required 15 foot front yard; however, the definitions and the supplemental regulations in the Zoning Ordinance prohibit any structure other than a fence to be over three feet in height when located between the street line and the main building.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 6, 2017 meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

**BACKGROUND:** The subject property is located on the east side of Chamberlayne Avenue between Melrose and Westwood Avenues. The subject property is approximately 18,800 square feet in area and is currently improved with a single-family dwelling and an accessory structure located in the rear yard.

The applicant proposes to located two solar arrays that are approximately six and a half feet in height within the front yard, which is not currently permitted by the Zoning Ordinance. The front yard is currently enclosed by a fence that would block the view of the solar arrays from the street.

The subject property falls within the Multi-Family (Medium Density) land use designation established by the 2000-2020 City of Richmond Master Plan. Such areas are recommended for multi-family developments at up to 20 units per acre and include residential support uses such as church, day nurseries and schools.

Properties to the west across Chamberlayne Avenue are located in the R-53 Multi-Family Residential zoning district and are currently occupied by the Union Presbyterian. Properties to the north and south are located in the R-48 Multi-family zoning district and are occupied be a mix of multi-family, single-family and group home uses. The properties to the east are located in the R-1 Single-Family zoning district and are occupied by single-family dwellings.

**FISCAL IMPACT / COST:** The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

**FISCAL IMPLICATIONS:** Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
