EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (By request)
(This is no way reflects a recommendation on behalf of the Mayor.)

THROUGH: Selena Cuffee Glen, Chief Administrative Officer

THROUGH: Douglas C. Dunlap, Interim Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Mark A. Olinger, Director, Department of Planning and Development Review

RE: To authorize the special use of the property known as 1802 Semmes Avenue to authorize up to 106 single-family attached dwellings as well as those principal and accessory uses permitted in the B-6 Mixed-Use Business District upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1802 Semmes Avenue to authorize up to 106 single-family attached dwellings as well as those principal and accessory uses permitted in the B-6 Mixed-Use Business District upon certain terms and conditions.

REASON: The subject property is zoned M-1 Light Industrial. Improvements on the property consist of a number of vacant warehouses originally designed and used for the storage and curing of tobacco. When this use ceased, the configuration of the structures on the property was found unsuitable for other uses allowed in the M-1 Light Industrial District. As such, the property owner proposes demolition of the existing structures in order to redevelop the property with residential uses in one section and mixed uses in another section. A special use permit is needed to accomplish this.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 4, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The property is located in the Swansboro neighborhood of the Old South District. The City of Richmond's Master Plan designates the subject property for industrial land use. Primary uses in this category are "manufacturing, processing, research and development, warehousing, distribution, office warehouse and service uses." (See page 135, Richmond Master Plan.)

Specifically for the Old South District, the Master Plan states that “there are a number of vacant and obsolete industrial facilities, most with limited reuse potential” in the area. It also notes that there is generally inadequate buffering of residential uses from commercial and industrial uses. The subject property is an abandoned industrial warehouse site.

The 12.83 acre subject property is zoned M-1 Light Industrial and contains improvements in the form of six large warehouses and a wireless communications tower. The site was originally developed in 1940, with the last warehouse structure completed in 1975. Since this time the surrounding area has become more residential. There are several nearby established residential neighborhoods including Swansboro, Spring Hill, Woodland Heights, and Manchester. On Semmes Avenue there are a number of single-family homes as well as multi-family structures, some of which are adaptive reuses of commercial structures.

The proposed project will redevelop the property in two components. The larger portion of the site will contain up to 106 single-family attached structures and the second component will contain those principal and accessory uses permitted in the B-6 Mixed-Use Business District.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
