RE: To authorize the special use of the properties known as 1809 and 1815 East Franklin Street for the purpose of waiving the requirement of the street-oriented commercial frontage designation of the properties, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the properties known as 1809 and 1815 East Franklin Street for the purpose of waiving the requirement of the street-oriented commercial frontage designation of the properties, upon certain terms and conditions.

REASON: The applicant wishes to remove the street oriented commercial requirement from the properties fronting on East Franklin Street to allow for residential uses on the ground floor of existing buildings.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its April 1, 2019, meeting.

BACKGROUND: The properties combined consist of .24 acres of improved land located in the East Planning District of the Shockoe Bottom neighborhood. The property is also within the Shockoe Bottom Station Area of the Pulse Corridor Plan.

The City of Richmond's current Pulse Corridor Plan designates the subject property as Corridor Mixed Use (CMU). The Plan calls for specific characteristics within this category and is "...envisioned to provide for medium density pedestrian and transit oriented infill development to fill "missing teeth" of the corridor fabric. The building size, density, and zoning districts for these areas will vary depending on historic densities and neighborhood characteristics. New development should be in scale with existing context or respond to unique site characteristics and opportunities for redevelopment. Active commercial uses required on principal street frontages. Ground floor residential uses should have street oriented facades with setbacks, front yards, porches, and balconies where appropriate. Driveway entrances required to be off alleys whenever possible; new driveways prohibited on street oriented commercial and priority street frontages. Parking lots and areas are located on the rear of buildings and require screening; shared parking requirements are encouraged to allow for commercial development while ensuring adequate residential parking. Potential future zoning districts: UB-2, B-5, B-6, RF-1, or a new district." (City of Richmond, Pulse Corridor Plan, 2018)

A mix of B-5, B-5C and M-1 zoning districts are present in the vicinity. A mix of office, commercial, mixed use, industrial, vacant, and residential land uses are present in the vicinity.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.
