RE: To authorize the special use of the property known as 3115 Jefferson Davis Highway, for the purpose of a multi-family residential dwelling containing up to ten dwelling units, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 3115 Jefferson Davis Highway, for the purpose of a multi-family residential dwelling containing up to ten dwelling units, upon certain terms and conditions.

REASON: The applicant has proposed re-establishing multi-family use of a building intended for up to ten dwelling units. The property is subject to the current B-3 zoning district regulations which do not permit a standalone multi-family use. A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its March 18, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The property known as 3115 Jefferson Davis Highway consists of a 6,689 sq. ft. .15 acre parcel of land currently improved with a 2-story vacant building totaling approximately 5,200 sq. ft. The property was originally a non-conforming residential dwelling within a business district. However, all non-conforming use rights expired on August 30, 2004.

The City of Richmond's current Master Plan designates a future land use category for the subject properties as Mixed-Use (MU). Primary uses for this category "...include combinations of office, retail, personal service, general commercial and service uses and, in some cases, multi-family residential and dwelling units above ground floor commercial. Generally, such areas consist of a mix of several types of uses, designed and arranged to be compatible with one another. Each type of use could function independently, but all benefit from proximity to one another. The mix of uses and predominant land use character may vary considerably by location, and are described in each case in the text of the District Plans. Typical zoning classifications that may accommodate this land use category: B-5, UB, UB-2, B-6, and B-7." (City of Richmond Master Plan)

The subject property and adjacent properties to the north, south and west are located in the B-3 General Business Zoning District. However, properties to the north, within the same block, are currently being used for residential purposes.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
