O & R Request

DATE: May 10, 2019 **EDITION:** 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)
(This in no way reflects a recommendation on behalf of the Mayor)

THROUGH: Selena Cuffee-Glenn, Chief Administrative Officer

THROUGH: Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

RE: To authorize the special use of the property known as 2711 East Broad Street for the purpose of a dwelling unit within an accessory building, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 2711 East Broad Street for the purpose of a dwelling unit within an accessory building, upon certain terms and conditions.

REASON: The applicant is proposing a two-story, 816 SF dwelling unit accessory to a single-family dwelling. The property is currently located in the R-6 Single-Family Attached Residential District, which does not permit accessory dwelling units in newly constructed buildings. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its July 1, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a 7,085 SF (.163 acre) parcel of land currently improved with a single-family dwelling constructed, per tax assessment records, in 1880 and is located in the Church Hill neighborhood of the East Planning District on East Broad Street between North 27th and North 28th Streets. The property is also located within the St. John's Church City Old & Historic District.

The City of Richmond's Master Plan designates a future land use category for the subject property as Single-Family Medium Density. Primary uses for this category include "...single-family and two-family dwellings, both detached and attached, at densities of 8 to 20 units per acre. Includes residential support uses such as

schools, places of worship, neighborhood parks and recreation facilities, and limited public and semi-public uses. Typical zoning classifications that may accommodate this land use category: R-5A, R-6, and R-7.” (City of Richmond Master Plan). The density of the parcel if developed would be approximately 12 units per acre.

Dwelling units located in accessory buildings containing two or more stories are permitted in the R-6 District, however, the accessory building must be existing at the effective date of the subsection of the zoning ordinance (Section 30-412.2(2)). Construction of a new accessory structure with a dwelling unit in the R-6 District requires a special use permit. Two off-street parking spaces are included in the development proposal.

Residential land uses dominate the area, with some commercial and institutional land uses present as well. All surrounding properties are within the same R-6 Single-Family Attached Residential District as the subject property.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.
