RE: To authorize the special use of the property known as 3119 Grayland Avenue, for the purpose of a pool accessory to a single-family detached dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 3119 Grayland Avenue, for the purpose of a pool accessory to a single-family detached dwelling, upon certain terms and conditions.

REASON: The property is zoned in the R-5 Single-Family Residential District and was recently improved with a single-family detached dwelling and accessory swimming pool. The swimming pool does not meet the rear yard setback requirement for the R-5 District. A special use permit is therefore required in order for a final certificate of occupancy to be issued for the property.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance,

the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its October 7, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a 15,116 SF (0.35 acre) parcel of land located in the Carytown neighborhood of the Near West planning district at the intersection of Grayland Avenue and McCloy Street, along the Downtown Expressway (I-195).

Construction of the dwelling has been completed with an in-ground swimming pool to the rear of the dwelling. A five-foot rear yard was required, proposed, and approved for the in-ground swimming pool. An as-built survey required for the certificate of occupancy for the single-family dwelling showed the pool was constructed 4.07-4.17' from the rear property line (within the required rear yard) abutting the Downtown Expressway right-of-way. There are no zoning violations for the constructed single-family dwelling.

The City of Richmond's current Master Plan designates a future land use category for the subject property as Single-Family Residential at low densities. Primary uses for this category are "...single-family detached dwellings at densities up to seven units per acre...[and] includes residential support uses such as schools, places of worship, neighborhood parks and recreation facilities, and limited public and semi-public uses" (p.133). The Master Plan also states for the Near West Planning District that "infill development of like density, scale and use is appropriate" (p. 230).

All adjacent properties are located within the same R-5 Single-Family Residential District as the subject property. Residential land use predominates the area.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
