RE: To authorize the special use of the property known as 126 West Brookland Park Boulevard for the purpose of a café with accessory production, wholesale, and distribution of specialty beverages, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 126 West Brookland Park Boulevard for the purpose of a café with accessory production, wholesale, and distribution of specialty beverages, upon certain terms and conditions.

REASON: The applicant has proposed a kombucha tea café that would produce specialty beverages for consumption on the property as well as for distribution elsewhere. The UB District does not permit accessory production, wholesale, and distribution of specialty beverages. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its November 4, 2019 meeting. A letter outlining the Commission’s recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The property is located in the Brookland Park neighborhood at the intersection of West Brookland Park Boulevard and Hanes Avenue. The subject property consists of a 2,187 SF or .05 acre parcel of land improved with a 2,128 SF commercial building constructed, per tax assessment records, in 1920 as a commercial building and is located in the North Planning District.

The property is located in the UB-PE7 Urban Business (Parking Exempt Overlay) District, which encompasses the West Brookland Park Boulevard corridor in the area. Properties to the north of the subject property are located in the R-6 Single-Family Attached Residential District. A mix of commercial, mixed-use, vacant and residential land uses are present along the West Brookland Park Boulevard corridor in the vicinity of the subject property. The residential neighborhood to the north of the corridor consists mainly of single- and two-family

residential uses.

Per the Zoning Ordinance, the intent of the UB Urban Business District is to encourage business areas with a densely developed pedestrian oriented urban shopping character, compatible with adjacent residential neighborhoods, and with minimal disruption from vehicle oriented land uses and features that would detract from a safe, convenient and economically viable pedestrian environment. The district is intended to promote continuity of storefront character along principal street frontages, with minimum interruption by driveways and vehicle traffic across public sidewalk areas. The regulations within the district are intended to preserve the predominant scale and character of existing urban shopping areas, promote retention of existing structures and encourage that new development be compatible with such existing areas and structures.

The proposed production and sale of tea products within the café will be sold and consumed onsite in a tasting room with a limited amount sold for offsite distribution and consumption. Anticipated production will be limited to 50 barrels per week.

The City's Master Plan recommends Community Commercial land uses for the property. Primary uses included office, retail, personal service and other commercial and service uses, intended to provide the shopping and service needs of residents of a number of nearby neighborhoods or a section of the City. This category includes a broader range of uses of greater scale and intensity but are also compatible with nearby residential areas (page 134). Recommended zoning districts to accommodate this land use classification include the UB District.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
