O & R Request

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor
(This is no way reflects a recommendation on behalf of the Mayor.)

THROUGH: Lenora G. Reid, Acting Chief Administrative Officer

RE: To authorize the special use of the property known as 2110 P Street for the purpose of a multi-family dwelling containing no more than four dwelling units, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 2110 P Street for the purpose of a multi-family dwelling containing no more than four dwelling units, upon certain terms and conditions.

REASON: The applicant is proposing to construct a four-unit multi-family dwelling with off-street parking. The property is currently located in the R-63 Urban Residential District which permits multi-family buildings. However, the application does not satisfy all of the site or off-street parking requirements within the R-63 District. Specifically, the application does not satisfy sections 30-419.5(5), 30-419.6(2)b, and 30-710.1 regarding lot area, side yard widths, and off-street parking, respectively. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its December 2, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a vacant, 3,875 SF (.09 acre) parcel of land. The property is located in the City's East Planning District in the Fairmont neighborhood, on P Street between North 21st and North 22nd Streets.

The City of Richmond's current East Planning District Land Use Plan designates a land use category for the subject property as Mixed-Use Residential. "Primary uses include single-, two-, and multi-family dwellings, live/work units and neighborhood serving commercial uses developed in a traditional urban form. These commercial uses are limited in location, type and scale and are intended to provide for the convenience of urban neighborhood residents within walking distance, to respect the primary residential character of the neighborhood and to avoid traffic, parking, noise and other impacts that typically result from uses that draw patrons from outside the neighborhood. Typical zoning classification that may accommodate this land use category: R-63 and R-8" (City of Richmond Master Plan). No residential density is specified for this land use designation. The density of the parcel if developed as proposed would be approximately 44 units per acre.

The property is a part of a larger R-63 District. A mix of single-, two-, and multi-family residential and vacant land uses are present in the area, with some institutional and commercial land uses present as well.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
