**THROUGH:** The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)

**THROUGH:** Lenora G. Reid, Acting Chief Administrative Officer

**THROUGH:** Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

**FROM:** Mark A. Olinger, Director, Department of Planning and Development Review

**RE:** To rezone the properties known as 710 Perry Street; 213, 209, 201 West Commerce Road; and 715 Porter Street from the B-7 Mixed-Use Business District to the B-4 Central Business District.

**ORD. OR RES. No.**

**PURPOSE:** To rezone the properties known as 710 Perry Street; 213, 209, 201 West Commerce Road; and 715 Porter Street from the B-7 Mixed-Use Business District to the B-4 Central Business District.

**REASON:** The applicant is requesting to rezone the five parcels containing a combined .998 acres from the B-7 Mixed-Use Business District to the B-4 Central Business District to enable the property to be redeveloped at a higher density under the mixed-use form-based regulations permitted within the B-4 Central Business District.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its December 2, 2019 meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

**BACKGROUND:** The subject properties are located on the block fronted by Commerce Road between Perry Street and Porter Street and comprise a combined 0.998 acres. A single-story property housing contractors' offices is located at 710 Perry Street. The remaining parcels are used for contractor storage and contain accessory shell type storage buildings. The properties are located within the Old South Planning District and are included in the Manchester Industrial National Historic District as well as the city's Enterprise Zone 1.

The subject property falls within a Downtown Urban Center Area of the Manchester District, as established by the Richmond Downtown Plan. Such areas are "characterized by higher density, mixed use development, typically arranged on a fine grained street network, with wide sidewalks, regular tree planting, and minimal setbacks." Specifically addressing Manchester, the Downtown Plan states, *Manchester will benefit greatly from new construction and the infill of its many vacant properties. Such infill will introduce new energy to the*

*district by increasing the residential population, repairing the streetscape, and enhancing safety by providing 'eyes on the street.* The proposed B-4 Central Business District designation conforms to these recommendations.

The proposed rezoning will allow redevelopment of the properties at a greater density and currently allowed in under the current zoning classification. The B-7 Mixed Use Business District stipulates a maximum building height not to exceed five stories. The B-4 Central Business District does not have a specified maximum height limit. Maximum height is determined by requiring that no portion of a building shall penetrate an inclined plane originating at the centerline of each abutting street and extending over the lot at an inclination of one foot horizontal for each four feet vertical and provided, such inclined plane may be penetrated by a building wall adjacent to a street for a horizontal distance not exceeding 50 percent of the length of the property line along such street.
