**(This in no way reflects a recommendation on behalf of the Mayor)**

**THROUGH:** Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

**FROM:** Mark A. Olinger, Director, Department of Planning and Development Review

**RE:** To authorize the special use of the property known as 301 West 6<sup>th</sup> Street and a portion of 405 West 6<sup>th</sup> Street, for the purpose of a multi-family dwelling containing up to 350 dwelling units, upon certain terms and conditions.

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of the property known as 301 West 6<sup>th</sup> Street and a portion of 405 West 6<sup>th</sup> Street, for the purpose of a multi-family dwelling containing up to 350 dwelling units, upon certain terms and conditions.

**REASON:** The applicant has requested a special use permit to allow a multi-family dwelling that would not meet zoning requirements pertaining to side and rear yards, and building dimensions and space between buildings.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its June 1, 2020, meeting.

**BACKGROUND:** The subject property consists of an unimproved parcel known as 301 West 6<sup>th</sup> Street (97,705 SF; 2.24 acres) and an adjacent portion of 405 West 6<sup>th</sup> Street consisting of approximately 23,500 SF. The properties are located in the City's Old Town Manchester neighborhood of the Old South Planning District, at the northwest corner of West 6<sup>th</sup> Street and Perry Street. The project consists of a multi-family dwelling containing 348 units, served by 366 structured parking spaces and 29 parking spaces along a private street.

The City of Richmond's Downtown Master Plan designates a future land use category for the subject properties as Downtown - Urban Center Area (DT-UCA). The Urban Center area is characterized by higher density, mixed-use development, typically arranged on a fine-grained street network, with wide sidewalks, regular tree planting, and minimal setbacks.

The current zoning for the subject property is RF-2, Riverfront District. The intent of the RF-2 Riverfront District is to provide for medium scale planned mixed-use development on relatively large sites in close proximity to the riverfront in a manner that will protect prominent views of the James River from public spaces and will encourage public and private use of and access to the riverfront. The district is intended to facilitate the economic development benefits that will accrue through enhanced commercial and residential development and increased tourism generated by riverfront redevelopment. Finally, the district regulations are intended to promote a concentration of uses that result in a high degree of pedestrian attraction and activity along the riverfront, while protecting the area at the shore of the river from building development.

Property to the east is zoned RF-2, property to the south and west is zoned B-7, mixed-use business. A mix of commercial, industrial, office, and multi-family land uses are present in the vicinity.
