THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)
(This is no way reflects a recommendation on behalf of the Mayor.)

RE: To authorize the special use of the property known as 311 West Franklin Street for the purpose of a multifamily building with accessory parking, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 311 West Franklin Street for the purpose of a multifamily building with accessory parking, upon certain terms and conditions.

REASON: The applicant is requesting relief from the current off-street parking requirements in the RO-3 Residential Office zoning district for a 128 unit multi-family building. Section 30-710.1(a)(4)a of the Zoning Ordinance calls for 1 parking space per dwelling unit. The application calls for 29 off-street parking spaces. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its September 8, 2020, meeting.

BACKGROUND: The subject property consists of a 15,571 SF or .36 acre parcel of land improved with a 128 unit multi-family building constructed, per tax assessment records, in 1964. The property is located in the Monroe Ward neighborhood within the City's Downtown Planning District along West Franklin Street between North Monroe and North Madison Streets. The property is also located within the Arts District Station area of the City's new Bus Rapid Transit (Pulse) Corridor.

The City of Richmond's current Pulse Corridor Plan designates the subject property as Downtown Mixed-Use which "...features high-density development with office buildings, apartments, and a mix of complementary uses, including regional destinations. Higher-density pedestrian- and transit-oriented development encouraged on vacant or underutilized sites; new development should be urban in form and may be of larger scale than existing context. Active commercial ground floor uses required on street-oriented commercial frontages. Active ground floor uses and design required on priority street frontages. Driveway entrances required to be off alleys whenever possible; new driveways prohibited on street-oriented commercial and priority street frontages. Little to no setback of new development unless to create pedestrian-oriented amenities like plazas and outdoor dining. Surface parking prohibited as a principal use; when surface parking is provided as an accessory use, it should be located to the rear of buildings and screened by shade trees. Parking requirements are substantially less in these areas than other areas of the city and are largely eliminated. Potential future zoning districts: B-4, RF-2. (City of Richmond, 2017) Adjacent properties are the same B-3 with nearby zones of B-4 (Central Business) to the North and East of 4th Street.

The property has been utilizing off-street surface parking lots along the northern side of the 300 block of West Grace Street between North Monroe and North Madison Streets. The ordinance, if approved, would remove these off-street parking lots from servicing 311 West Franklin Street.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
