To authorize the special use of the property known as 1513 Rear Grove Avenue for the purpose of a single-family detached dwelling

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of the property known as 1513 Rear Grove Avenue for the purpose of a single-family detached dwelling

**REASON:** The proposal is to convert an existing garage into a two-story single-family detached dwelling. The structure is situated on a 2,592 square foot parcel which in turn is located in the R-6 Single-Family Attached Residential District. Within this district, single-family dwellings are required to have frontage on an improved public street. The property is only accessible by means of an alley. Furthermore, the lot does not meet the feature requirements for lot area and width. The existing structure does not meet feature requirements for lot coverage and yard setbacks.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its October 5, 2020, meeting.

**BACKGROUND:** The subject property consists of a 2,592 SF parcel of land and contains a 2,160 square foot garage/carriage house that was built in 1910. It is located in the Fan Neighborhood within the City's Near West Planning District. The structure is located midblock between N. Lombardy Street and N. Plum Street and is accessible by means of an alley that extends between these two streets.

The City of Richmond's Master Plan designates the subject property for Single-Family (Medium Density) uses. Primary uses in this category are "single-family detached dwellings at densities between 8 and 20 units per acre. The density of the parcel if developed as proposed would be approximately 17 units per acre.

There are a variety of general housing goals contained in the Master Plan Neighborhoods and Housing chapter that are applicable to the request. These goals include, among other things, recognition of the need for neighborhoods to provide a variety of housing choices.

The adjacent properties surrounding the subject property are located within the same R-6 Single-Family Attached Residential zoning district. Within the area of the subject property, those properties with improvements primarily single-family attached structures.

**FISCAL IMPACT / COST:** The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
