**ORD. OR RES. No.**

**PURPOSE:** To amend and reordain Ordinance No. 87-49-74, adopted April 27, 1987, which in turn amended Ordinance No. 81-82-68, adopted May 11, 1981, entitled "to authorize the use of the real estate containing 2770 square feet, known as 307 North Robinson Street."

**REASON:** Since the ordinance authorizing the veterinary office was amended 35 years ago, staffing requirements of the practice have changed. The current facility is limited to three staff and two doctors and the requested amendment will allow two more staff to work at the facility.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 1, 2021, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

**BACKGROUND:** The .064 acre subject property is located midblock on North Robinson Street between Stuart and Hanover Avenues in the B-1 Neighborhood Business District. The property contains a single-story structure with a full basement. The veterinary clinic will be the sole occupant of the premises. The property is located in the Fan neighborhood of the Near West Planning District.

Off-street parking shall continue to be provided in the rear of the property and accessed by an alleyway.

The veterinary clinic will only provide care for animals and will not provide a boarding service. All activity will take place indoors. The veterinary practice has been in operation nearly forty years and the modest expansion of the practice is supported by the Fan Area Business Alliance.

The subject property is located in the B-1 Neighborhood Business District. The Master Plan calls for a future land use recommendation for this property as Neighborhood Commercial uses. *Primary uses include office, personal service and retail uses, intended to provide the daily convenience shopping and service needs of adjacent neighborhood residents. Such uses are typically small scale and low intensity, have limited hours of operation, involve a high percentage of walk-in trade and minimal vehicular traffic, and are especially compatible with adjacent low to medium density residential uses. Typical zoning classifications that may accommodate this land use category: B-1 and UB.*

**FISCAL IMPACT / COST:** The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
