### **O & R Request**

**DATE:** March 26,2021

**EDITION:** 1

**TO:** The Honorable Members of City Council

**THROUGH:** The Honorable Levar M. Stoney, Mayor (By Request)  
(This in no way reflects a recommendation on behalf of the Mayor.)

**THROUGH:** J.E. Lincoln Saunders, Acting Deputy Chief Administrative Officer

**THROUGH:** Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

**FROM:** Kevin J. Vonck, Acting Director, Department of Planning and Development Review

**RE:** To authorize the special use of the property known as 501 Oliver Hill Way for the purpose of warehouse use and/or uses permitted in Sec. 30-457.2 (4) and Sec. 30-457.2 (14) of the Zoning Ordinance, provided that there be no limitation on floor area, uses permitted in Sec. 30-442.1 of the Zoning Ordinance, and to except certain proffered conditions that were conditioned through the conditional rezoning of the property to B-5 Central Business District pursuant to Ordinance No. 2006-277-278, upon certain terms and conditions.

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of the property known as 501 Oliver Hill Way for the purpose of warehouse use and/or uses permitted in Sec. 30-457.2 (4) and Sec. 30-457.2 (14) of the Zoning Ordinance, provided that there be no limitation on floor area, uses permitted in Sec. 30-442.1 of the Zoning Ordinance, and to except certain proffered conditions that were conditioned through the conditional rezoning of the property to B-5 Central Business District pursuant to Ordinance No. 2006-277-278, upon certain terms and conditions.

**REASON:** The applicant is proposing to use the existing two-story building for warehouse use, breweries producing not more than 10,000 barrels of beer per year, distilleries producing not more than 25,000 cases of liquor per year, and for manufacturing, warehouse and distribution of certain food and beverages as specified in Sec. 30-457.2 (14) of the Zoning Ordinance. Additionally, the applicant is proposing to except certain proffered conditions that were conditioned through the zoning of the property to B-5C Central Business District (Conditional) as Ordinance No. 2006-277-278. The special use permit is necessary because the proposed uses are not permitted in the B-5C and nonconforming use rights have expired. The special use permit is also necessary because certain conditions proffered as part of the current B-5C zoning designation cannot be satisfied in using the property as proposed.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its May 17, 2021 meeting.

**BACKGROUND:**

The subject property has a lot area of 37,113 SF, or 0.852 acres, and is improved with a two-story building containing 38,796 SF of floor area that was last used for manufacturing purposes. The property is part of the Upper Shockoe Valley neighborhood.

The property was rezoned, conditionally, to B-5C (Central Business) on November 27<sup>th</sup>, 2006, at the request of the owner at that time with the intention to renovate the existing building for mixed-use. Proffers were offered from the applicant that included requiring the use of the existing buildings to be mixed-use, requiring a parking minimum of one space per dwelling unit, requiring screening for exterior parking areas, requiring sidewalk repair, imposing yard (setback) and height limitations, and a streetscape plan. The building was never renovated and has been vacant for more than two years, therefore the nonconforming rights to use the property as manufacturing or warehouse have expired.

The Richmond 300 Master Plan recommends a future land use of “Destination Mixed-Use” for the property. The

primary uses recommended for Destination Mixed-Use are retail/office/personal service, multi-family residential, cultural, and open space. The property is also located within the “Downtown-Shockoe” priority growth node, which envisions the Shockoe area in and around the property as a national destination for historic tourism, education, and interpretation as well as a regional and neighborhood destination.

The applicant ultimately intends to redevelop the property for a higher density mixed-use development, however does not intend to pursue redevelopment until the Shockoe Valley Street Improvements project has been completed. The Public Works Department estimates that the project will be fully completed in October 2025.
