O & R Request

DATE: June 25, 2021 **EDITION:** 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Mayor, by Request)
(This is no way reflects a recommendation on behalf of the Mayor.)

RE: To authorize the special use of the property known as 1508 Belleville Street for the purpose of a multi-family building containing up to 126 units, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1508 Belleville Street for the purpose of a multi-family building containing up to 126 units, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit which would allow for a multi-family building within a B-7 Mixed-Use Business Zoning District. The proposed use does not meet specific feature requirements of sections 30-446.7 (1) and 30-710.1(4)a regarding maximum number of stories and minimum off-street parking spaces, respectively, of the Code of the City of Richmond (2020). A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its August 16, 2021, meeting.

BACKGROUND: The property is located in the Scott's Addition neighborhood on Belleville Street adjacent to CSX Railroad. The property is a 34,408.71 sq. ft. (.79 acre) parcel of land and is improved with a 22,113 sq. ft., one-story commercial building constructed, per tax assessment records, in 1938. The application is for a six story, multi-family building with off-street parking.
The City's Richmond 300 Master Plan designates a future land use for the subject property as Industrial Mixed Use which are defined as "Formerly traditional industrial areas that are transitioning to mixed-use because of their proximity to growing neighborhoods and changes in market conditions. These areas may still retain some light industrial uses." The development style is a mix of building types with low-scale, post-industrial buildings that are adapted for a new use are adjacent to new taller residential and/or office buildings. These areas allow "maker uses" to continue while encouraging more individuals to live, work, and play in the area. Buildings should have street-oriented façades with windows and door openings along street frontages. New light industrial uses are compatible with residential and office uses, and are attractively buffered. New developments continue or introduce a gridded street pattern to increase connectivity. Ground floor uses engage with and enliven the street. Monolithic walls are discouraged, while windows, doors, storefronts, and other features that allow transparency and interaction between building and street are encouraged. Active commercial ground floor uses are required on street-oriented commercial frontages. Pedestrian, bicycle, and transit access are prioritized and accommodated. Bike parking is provided. New driveway entrances are prohibited on priority and principal street frontages and minimal driveway entrances are allowed on secondary streets. Vehicular access to parcels should use alleys where possible. Loading for trucks must be provided off-street. Parking lots and parking areas should be located to the rear of street-facing buildings.

Intensity: Medium- to high density, three to eight stories.
Primary Uses: Retail/office/personal service, multi-family residential, cultural, and open space.
Secondary Uses: Institutional and government.

The current zoning for this property is B-7 (Mixed-Use Business). Adjacent properties to the east and south are located within the same B-7 Zone. Properties to the north and west are zoned M-1 Light Industrial District.

The surrounding land uses include primarily residential and commercial with some small industrial uses present.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
