RE: To authorize the special use of the property known as 105 South Laurel Street for the purpose of
three single-family attached dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 105 South Laurel Street for the purpose of
three single-family attached dwellings, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit to authorize the construction of three single-
family attached dwellings, with off-street parking, within an R-7 Single- and Two-Family Urban Residential
District. The proposed new dwellings, among other things, are not permitted by Sections 30-413.5(2), 30-413.6
(1), 30-413.7, and 30-413.9, lot area and width, front yards, lot coverage, and height, respectively, of the Code
of the City of Richmond (2020), as amended; A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance,
the City Planning Commission will review this request and make a recommendation to City Council. This item
will be scheduled for consideration by the Commission at its October 4, 2021, meeting.

BACKGROUND: The property is located in the VCU neighborhood within a block that is bounded by West

Cary Street to the north and Cumberland Street to the south. The property is currently a 3,750 sq. ft. (.086 acre) unimproved parcel of land.

The City's Richmond 300 Master Plan designates a future land use for the subject property as Community Mixed-Use which is defined as a "Cluster of medium-density, walkable commercial and residential uses that provide neighborhood services to nearby residential communities and sometimes feature regional attractions." (p. 58)

Primary Uses: Retail/office/personal service, multi-family residential, cultural, and open space.
Secondary Uses: Single-family houses, institutional, and government.

The current zoning for this property is R-7 Single- and Two-Family Urban Residential. Adjacent properties located to south are within the same R 7 Residential Zone with large zones of B-3 General Business and R-63 Multifamily Urban Residential to the north and west respectively. The area is a mix of single- two- and multi-family residential, with some commercial, and institutional uses present in the vicinity. The density of the proposed development would be approximately 34 units per acre.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
