RE: To authorize the special use of the property known as 3300 Broad Rock Boulevard for the purpose of a farmer’s market, upon certain terms and conditions, and to repeal Ord. No. 99-370-00-9, adopted on January 10, 2000, and Ord. No. 99-50-55, adopted on March 8, 1999.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 3300 Broad Rock Boulevard for the purpose of a farmer’s market, upon certain terms and conditions, and to repeal Ord. No. 99-370-00-9, adopted on January 10, 2000, and Ord. No. 99-50-55, adopted on March 8, 1999.

REASON: The applicant is requesting to authorize the special use of the property known as 3300 Broad Rock Boulevard for the purpose of using a small portion of the parking area as a farmer’s market. The property is located in a B-2 Community Business District. The proposed farmer’s market use meets the definition of a flea market in the zoning ordinance, which is not permitted in the B-2 District.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its January 3, 2022, meeting.

BACKGROUND: The subject property consists of 6.5 acres and is improved with a church that has a finished floor area of approximately 50,000 square feet. The building was originally constructed as a grocery store.

The property is located in a B-2 Community Business District, which does not permit the proposed farmer’s market use, which meets the definition of “flea market” in the zoning ordinance of “an activity conducted outside an enclosed building and which involves the retail sale of new or used merchandise by one or more vendors operating from stalls, stands, vehicles or other spaces which are rented or otherwise made available to such vendors.”

Richmond 300 recommends a future land use of “Community Mixed Use” for the property. The primary uses envisioned for Community Mixed Use are retail/office/personal service, multi-family residential, cultural, and open space. Secondary uses are single-family houses, institutional and government. The development style envisioned varies depending on historical densities and neighborhood characteristics. Future development should generally complement the existing context. Uses may be mixed horizontally in several buildings on a block or vertically within the same building. Developments should continue or introduce a gridded street pattern to increase connectivity. Ground floor uses are envisioned to engage with and enliven the street through windows, doors, storefronts and other features that allow transparency and interaction between building and street. The recommended intensity is buildings ranging from 2-6 stories, based on street widths and depending on historic context and stepping down in height adjacent to residential areas, as necessary. New buildings that are taller than historical buildings should step back from the build-to line after matching the height of the predominant cornice line of the block. Pedestrian, bicycle and transit access must be prioritized, and parking areas should be located within the structure or to the rear of buildings and require screening; shared parking requirements are encouraged.

The property is also located within a micro node, which is described as a “notable place within a neighborhood that generally provides goods and services to the immediate residents but may also attract visitors.

Multifamily use is located to the north, a shopping center and warehouses are located to the south, vacant land is located to the west, and a variety of commercial uses are located to the east of the subject property, across Broad Rock Boulevard. The property and properties to the north, south and east are located in the B-2 Neighborhood Business District. Properties to the west are located in both the RO-1 Residential Office District and the B-2 Community Business District.
