THE CITY OF RICHMOND HEREBY ORDAINS:

§ 1. That sections 28-650, 28-651, 28-652, 28-653, and 28-654 of the Code of the City of Richmond (2020) be and are hereby **amended** as follows:

Sec. 28-650. Residential wastewater service.

(a) *Application.* This section shall apply to disposal of wastewater discharged into the City's wastewater system from individual residences, owner-occupied duplexes or nonprofit facilities that provide transitional

housing for residential use on a regular basis by homeless persons that have a connection to the City's wastewater system.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge.

(c) *Monthly service charge and service charges for wastewater meters.* The monthly service charge shall be as set forth below. Each residential wastewater service customer shall pay the service charge determined by the size of the customer's water meter, unless the customer is eligible to receive a discount to the service charge for installing fire suppression equipment. The Director, pursuant to Section 28-26, shall issue rules and regulations to establish the parameters for such a discount. The service charges for wastewater meters shall be estimated in accordance with a procedure approved by the Director of Public Utilities.

(1)	Monthly service charges based on the size of each water meter located on the user premises, excluding fire line, product water and wastewater meters:	
	<i>Meter size (inches)</i>	
	5/8	[\$18.94] <u>\$19.93</u>
	¾	[\$27.02] <u>\$28.44</u>

	10	[\$1,862.40] <u>\$1,960.18</u>
(2)	Service charges for customers who receive fire line service and general water service through the same meter, based on the size of each such water meter located on the premises, excluding product water and wastewater meters:	
	<i>Domestic and fire line meter size (inches)</i>	
	10	[\$811.30] <u>\$853.89</u>
	8	[\$407.04] <u>\$428.41</u>
	6	[\$261.50] <u>\$275.23</u>
	4	[\$132.13] <u>\$139.07</u>
	3	[\$132.13] <u>\$139.07</u>

(d) *Monthly volume charge.* The monthly volume charge for the quantity of water which passes through

the meters for residential wastewater service for the months of December through February shall be [~~\$7.587~~ \$7.985 per 100 cubic feet (ccf) of water delivered as recorded on the customer's water meter. The monthly volume charge for the quantity of water which passes through the meters for residential wastewater service for the months of March through November shall be [~~\$7.587~~ \$7.985 per 100 cubic feet (ccf) of water based upon:

(1) The cubic feet of water delivered as recorded on the customer's water meter in such months;

or

(2) The average monthly use as billed during the preceding months of December through February;

whichever is lower.

(e) *Special provisions.*

(1) *Private water supply (unmetered service).* Whenever any user obtains all or part of the user's water supply from an unmetered source other than the water distribution system of the City (i.e., a private well), such user will be billed a flat service charge of [~~\$68.22~~ \$71.80 per month.

(2) *Public water supply (metered service).* Whenever any user obtains all or part of the user's water supply from a public water supply that meters the customer, other than the water distribution system of the City, the quantity of wastewater service used by the customer may be determined either from metered water consumption or from a wastewater meter. If the wastewater usage to be billed by the City is based upon a reading of a water meter by another public body, the wastewater customer will be billed on a schedule based upon the availability of water consumption data. However, regardless of the schedule or frequency of billing, the customer will be responsible to pay the same rates as any other residential wastewater customer. For verification purposes, all water meters serving a customer receiving wastewater service under this section shall be open to inspection by the Director.

(3) *Cost adjustment clause.* The charge specified in the monthly charge may be subject to an adjustment in the rate per 100 cubic feet for increases or decreases in the cost associated with electric

energy and chemicals.

(4) *No facilities physically connected to wastewater system.* The minimum monthly charge as hereinbefore set forth shall be paid by all users who have obtained a wastewater connection but have not made a physical connection to the City's wastewater system.

(5) *Residential wastewater service charges for meters having a capacity greater than five-eighths inch; special provision.* The monthly service charge for each residential wastewater customer, with service established on or before the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be equal to the monthly service charge for a five-eighths inch meter size as set forth in this section. The monthly service charge for each residential wastewater customer, with service established after the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be based upon the meter capacity as set forth in this section.

Sec. 28-651. Charges for disposal of sewage and wastewater-Commercial service.

(a) *Application.* This section shall apply to the disposal of wastewater discharged into the City's wastewater system from places of business, such as hotels, restaurants, office buildings, commercial businesses or other places of commerce or multifamily residences and that have a connection to the City's wastewater system; provided, however, that this schedule shall not apply to contracts heretofore or hereafter entered into between the City and a county.

(b) *Monthly minimum charge.* The monthly minimum charge is the service charge below, determined by the size of a customer's water meter.

(c) *Monthly service charge.* The monthly service charge is as shown below, and dependent on the existence, or lack thereof, of fire line service.

(1) *Determination of service charge for customers who receive fire line service through a separate meter or who do not receive fire line service.* The service charge will be based on the size of

each water meter located on users' premises, excluding fire line, product water and wastewater meters, as follows:
