O & R Request

DATE: June 27, 2022

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)
(This is no way reflects a recommendation on behalf of the Mayor.)

THROUGH: J. E. Lincoln Saunders, Chief Administrative Officer

THROUGH: Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Kevin J. Vonck, Director, Department of Planning and Development Review

RE: To authorize the special use of the properties known as 3215 Stuart Ave, 3215 Rear Stuart Ave, 311 Tilden St, 311 Rear Tilden St, and 306 Rear Cleveland Street, to authorize multi-family use of an existing building and up to two new single-family dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the properties known as 3215 Stuart Ave, 3215 Rear Stuart Ave, 311 Tilden St, 311 Rear Tilden St, and 306 Rear Cleveland Street, to authorize multi-family use of an existing building and up to two new single-family dwellings, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit which would allow for up to 39 multi-family units within a R-6 Single-Family Attached Residential District within a 68,797 square foot building which was formerly a private school use, as well as two new single-family dwellings. Multi-family uses are not permitted within the R-6 District. A Special Use Permit is therefore requested.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its August 15, 2022, meeting.

BACKGROUND: The property is located on Stuart Avenue between Tilden Street and North Cleveland Street in the Museum District. The property was previously used as a private educational facility called St. Gertrude's High School.

Richmond 300 recommends a future land use of "Institutional" for the property. This designation is defined as "Public and quasi-public entities, such as local, state, and federal government, hospitals, universities, schools, and religions institutions." The development style is established as "Several buildings owned by an institution are often connected by an engaging character that creates a campus-like environment."

Primary Uses: Institutional, cultural, government, and open space.

Secondary Uses: Retail/office/personal service and multi-family.

The proposed project is the renovation and reuse of the existing building, which includes 68,797 square feet of floor area. The application requests to allow for 39 multi-family units which is not permitted in an R-6 - Residential (Single Family Attached) zone. The project does not include any expansion of the building footprint, but additional square footage on the interior of the building will be added by creating new floors in spaces that include a ceiling height tall enough to fit multiple floors. The project will use Historic Tax Credits and is in the process of receiving the appropriate additional approvals, primarily for the portion formerly used as a chapel. The former chapel has been appropriately de-consecrated by the former religious users and the remaining religious and historic detailing will be maintained through the requirements of the historic tax credit process.

The project is located in the West of the Boulevard Design Guideline District. The portion of the architecture that falls under the guidelines has been reviewed by Staff for appropriateness.

Surrounding properties are zoned the same R-6 residential zone as the subject property and include primarily residential uses.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
