(This is no way reflects a recommendation on behalf of the Mayor.)

RE: To authorize the special use of the property known as 823 China Street, for the purpose of a two-family detached dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 823 China Street, for the purpose of a two-family detached dwelling, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit to authorize a two-family dwelling within an R-7 Single- and Two-Family Urban Residential District. While the use is permitted the property does not meet the current lot area and width requirements for a two-family dwelling. A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council.

BACKGROUND: The property is located in the Oregon Hill neighborhood on China Street between South Cherry and South Laurel Streets. The property is currently a 3,484 sq. ft. (.08 acre) vacant parcel of land. The City's Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood Mixed Use, which is defined as "Existing or new highly walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses."

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft. Primary Uses: Single family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space. Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government. (p. 56)

The current zoning for this property is R-7 Single- and Two-Family Urban Residential District. All adjacent and nearby properties are located primarily within the same R 7 zone. The area is generally single family residential, with some two-family residential, multi-family residential, and small, neighborhood commercial uses present in the vicinity. The proposed density of the parcel is 2 units upon .08 acres, or 25 units per acre.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
