RE: To authorize the special use of the property known as 3208 Park Avenue for the purpose of a two-family detached dwelling with a dwelling unit within an accessory structure, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: The applicant is requesting a Special Use Permit to authorize a two-family detached dwelling with a dwelling unit within an accessory structure. The accessory dwelling unit is not permitted as an accessory use to a two-family dwelling in the R-6 Single Family Attached Zoning District. Therefore, a Special Use Permit is required.

BACKGROUND: The property is located in the Museum District neighborhood between Tilden Street and Cleveland Street. The property is currently a 7,000 square foot (0.131 acre) parcel of land improved with a two-family detached dwelling. The City's Richmond 300 Master Plan designates the subject area as Neighborhood Mixed-Use, which is described as and, "Existing or new highly-walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses." (RVA 300, p. 56).

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft.

Primary Uses: Single-family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space.

Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government.

The current zoning for the property is R-6 Single-Family Attached Residential. Adjacent properties are located within the same zoning district. The area is generally residential with pockets of commercial activity. The proposed density is three units upon 0.131 acres or 22 units per acre.

COMMUNITY ENGAGEMENT: The Museum District Association was notified of the application; additional community notification will take place after introduction.
