RE: To authorize the special use of the property known as 507 North 30th Street, for the purpose of a

dwelling unit within an accessory building, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 507 North 30th Street, for the purpose of a dwelling unit within an accessory building, upon certain terms and conditions.

REASON: The applicant is proposing a dwelling unit within a building accessory to a two-story, multi-family dwelling. This use would not be permitted by the underlying zoning. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its march 18, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a multi-family dwelling, including 507 and 509 N 30th Street. The total size of the parcel is 5,270 SF, or .12 acres of improved land. The existing 2-story building is 3,472 SF with a 684 SF detached accessory structure and was constructed, per tax assessment records, in 1910. The property is a part of the Church Hill neighborhood in the East Planning District.

The City of Richmond's current Master Plan designates the subject property for Mixed Use Residential (MUR) uses which include, "...single, two, and multi-family dwellings, live/work units and neighborhood serving commercial uses developed in a traditional urban form. These commercial uses are limited in location, type and scale and are intended to provide for the convenience of urban neighborhood residents within walking distance, to respect the primary residential character of the neighborhood and to avoid traffic, parking, noise and other impacts that typically result from uses that draw patrons from outside the neighborhood. Typical zoning classification that may accommodate this land use category: R-63 and R-8. (City of Richmond, Master Plan)

The current zoning for the property is R-63, Multi-family Urban Residential. Properties in the vicinity to the South and East are zoned R-8, Urban Residential. A mix of residential (single-, two-, and multi-family), vacant, commercial, utility, and institutional land uses are present in the vicinity.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
