RE: To authorize the special use of the property known as 700 North 31st Street for the purpose of up to six single-family attached dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 700 North 31st Street for the purpose of up to six single-family attached dwellings, upon certain terms and conditions.

REASON: The applicant is proposing to construct six single family attached dwellings, at 700 North 31st Street. The property is located in the R-6 Single-Family Attached Residential Zoning District, which permits single-family attached dwellings. However, the proposal would not meet the minimum requirements for lot area, front yard, lot coverage and off street parking of the Zoning Ordinance. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance,

the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its March 18, 2019, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a parcel totaling 9,866 SF, or .23 acres, of land. The property is a part of the Church Hill North neighborhood in the East Planning District. The development will consist of six single-family attached dwellings located on lots approximately 1,647 SF in area. The R-6 minimum lot size for single family attached dwellings is 2,200 SF. The front yards are proposed to be approximately ten (10) feet. The front yard requirements for single-family attached dwellings within the R-6 zone is 15 feet. The units are proposed to cover approximately 58 percent of the lot. The Lot coverages for the R-6 zone shall not exceed 55 percent of the lot. The R-6 zone requires one off-street parking space per dwelling. Due to the configuration of the dwellings on the proposed lots, no on-site parking would be provided for the development.

The City of Richmond's current Master Plan designates the subject property for Single Family Medium Density (SF-MD). Primary uses are single-family and two-family dwellings, both detached and attached, at densities of 8 to 20 units per acre. Includes residential support uses such as schools, places of worship, neighborhood parks and recreation facilities, and limited public and semi-public uses. Typical zoning classifications that may accommodate this land use category: R-5A, R-6 and R-7. The property is located within the R-6 Single Family Attached Residential District.

Specifically for the East Planning District, the Master Plan states that "infill development of like density and use is appropriate" and "the predominant land uses in the District are residential in nature, and these uses should be preserved" (p. 166).

The current zoning for the subject property and properties to the east, north, and west, is R-6 Single-Family Attached Residential. Properties to the south are zoned R-63 Multi-family Urban Residential. Residential (single-, two-, and multi-family) land use predominates the area, with some institutional and utility land uses present as well.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
