(This in no way reflects a recommendation on behalf of the Mayor.)

RE: To authorize the special use of the property known as 2007 Cedar Street for the purpose of a multi-family dwelling that does not meet all the feature requirements of the R-63 Multi-Family Urban Residential District subject to terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 2007 Cedar Street for the purpose of a multi-family dwelling that does not meet all the feature requirements of the R-63 Multi-Family Urban Residential District subject to terms and conditions.

REASON: The proposal is to build a multi-family dwelling containing five residential units on a vacant property located in the R-63 Multi-Family Urban Residential District. As proposed, the structure will not meet the required lot area, setbacks and parking requirements of the zoning district. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 18, 2020 meeting. A letter outlining the

Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property is a vacant 3,310 SF (.076 acre) parcel of land located midblock on the south side of Cedar Street. An alley extends adjacent to the eastern property line. It is within the Union Hill neighborhood and the City's East Planning District.

For the R-63 Multi-Family Urban Residential District, the zoning ordinance states that multi-family dwellings shall be no less than 4,000 square feet in total area and that there shall be no less than 1,000 square feet for each dwelling unit. A sideyard setback of at least five feet is also required. The zoning ordinance also requires the provision of one off-street parking space for each dwelling unit. The proposed five unit multi-family dwelling does not meet these requirements and a special use permit is therefore required.

The property is located within the city's Union Hill Old and Historic District. As such, all plans must be reviewed, and approved, by the Commission of Architectural Review (CAR). The proposed multi-family dwelling was approved by the Commission on March 26, 2019.

The City of Richmond's Master Plan designates the subject property for Mixed-Use Residential uses. Primary uses include single, two, and multi-family dwellings, live/work units and neighborhood serving commercial uses developed in a traditional urban form. There are also a variety of general housing goals contained in the Master Plan Neighborhoods and Housing chapter that are applicable to the request including, among other things, recognition of the need for a variety of housing choices.

All properties surrounding the subject property are located within the same R-63 Multi-Family Urban Residential District. Within the area of the subject property, those properties with improvements contain a mixture of single-family detached, single-family attached, and multi-family structures.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

BUDGET AMENDMENT NECESSARY: No.
