RE: To authorize the special use of the properties known as 1600 and 1606 West Broad Street, for the purpose of a mixed-use building containing up to 170 dwelling units, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the properties known as 1600 and 1606 West Broad Street, for the purpose of a mixed-use building containing up to 170 dwelling units, upon certain terms and conditions.

REASON: The applicant has requested a special use permit to allow a mixed-use building to include apartments and ground floor commercial. A Special Use Permit is required to accomplish this request.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its February 18, 2020 meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of two improved parcels totaling 25,275 SF (.58 acres), and is a part of the Newtown West neighborhood in the City's Near West Planning District, at the northwest corner of West Broad Street and North Lombardy Street.

The City of Richmond's current Pulse Corridor Plan designates the subject property for Nodal Mixed Use (NO-MU). The plan calls for development aligned with the Transit-oriented district located immediately adjacent to the Pulse BRT or other frequent transit service at key gateways and prominent places in the city in order to provide for significant, urban-form development in appropriate locations. Higher-density pedestrian- and transit-oriented development encouraged on vacant and underutilized sites; new development should be urban in form and may be of larger scale than existing context. It should directly engage with the prominence of Nodal Mixed-Use places and the public realm. Highly active street frontages and urban design features that encourage pedestrian activity are required. Driveway entrances required to be off alleys whenever possible; new driveways prohibited on street-oriented commercial and priority street frontages. Little to no setback of new development unless to create pedestrian-oriented amenities like plazas and outdoor dining. Surface parking prohibited as a principal use; when surface parking is provided as an accessory use, it should be located to the rear of buildings and screened by shade trees. Parking requirements are reduced to allow more market-based parking strategies, including shared parking. Potential future zoning districts: B-4, B-5, RF-1, RF-2, or a new district.

The property is currently zoned M-1 Light Industrial as are surrounding parcels to the north, west, and east. Property to the south, across West Broad Street, is located in the UB Urban Business District. A mix of commercial, residential, office, and institutional land uses are present in the area.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
