**O & R Request**

**DATE:** April 24, 2020 **EDITION:** 1

**TO:** The Honorable Members of City Council

**THROUGH:** The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)  
**(This in no way reflects a recommendation on behalf of the Mayor.)**

**THROUGH:** Lenora G. Reid, Acting Chief Administrative Officer

**THROUGH:** Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

**FROM:** Mark A. Olinger, Director, Department of Planning and Development Review

**RE:** To authorize the special use of the property known as 2109 East Marshall Street for the purpose of allowing a two-family detached dwelling.

**ORD. OR RES. No.**

**PURPOSE:** To authorize the special use of the property known as 2109 East Marshall Street for the purpose of allowing a two-family detached dwelling.

**REASON:** The subject property is zoned R-8 Urban Residential district. This proposal is to renovate an existing dwelling and authorize its use as a two-family dwelling. A two-family dwelling is a permitted principal use in the R-8 District however the lot width and area requirements are not met and therefore a Special Use Permit is required.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its June 15, 2020, meeting.

**BACKGROUND:** The subject property consists of a 28 foot wide parcel that is 2,520 square feet in areal. It contains a two-story 1,875 square foot dwelling located in the Church Hill Neighborhood within the City's East Planning District. It is located on East Marshall Street midblock between North 21<sup>st</sup> Street and North 22<sup>nd</sup> Street. Alley access to the rear of the property is provided via access from North 21<sup>st</sup> Street.

The City of Richmond's Master Plan designates the subject property for Single-Family (Medium Density) uses. Primary uses in this category are "single-family detached dwellings at densities between 8 and 20 units per acre." (See page 133, Richmond Master Plan.) The density of the parcel if developed as proposed would be a ratio of approximately 34 units per acre. There are also a variety of general housing goals contained in the Master Plan Neighborhoods and Housing chapter that are applicable to the request. These goals include, among other things, recognition of the need for the continued creation of market rate rental housing and a desire for neighborhoods to provide a variety of housing choices.

A two-family dwelling is permitted in the R-8 Urban Residential District provided that it is located on a lot no less than 3,400 square feet and width of 28 feet. It is the applicant's desire to fully renovate the structure and use as a two-family detached dwelling. The project consists of interior renovations and will not change the existing yard setbacks, building height nor lot coverage. However, as the existing lot does not meet the feature requirements of the zoning district where it is located, a special use permit is required.

The adjacent properties surrounding the subject property are located within the same R-8 Urban Residential district as the subject properties. The area surrounding the subject property contains a mixture of single-family, two-family, multi-family residential land uses, as commercial, open space, vacant, mixed-use, and institutional land uses.

**FISCAL IMPACT / COST:** The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

**FISCAL IMPLICATIONS:** Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
