RE: To authorize the special use of the property known as 1514 North 22nd Street for the purpose of a wildlife rehabilitation facility accessory to a single-family dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1514 North 22nd Street for the purpose of a wildlife rehabilitation facility accessory to a single-family dwelling, upon certain terms and conditions.

REASON: The property is located in the R-6 Single-Family Attached Residential District. In this district, the

keeping or raising of domestic animals for noncommercial purposes is a permitted accessory use. However, a wildlife rehabilitation facility is not specifically listed as a permitted accessory use. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its April 4, 2022 meeting.

BACKGROUND: The subject property is located midblock on the western side of North 22nd Street between U Street and V Street. A service alley runs adjacent to the rear property line. The subject property is 40 feet wide with a depth of 125 feet for a total area of 5,000 square feet.

Wildlife rehabilitation is allowed only with a permit from the Department of Game and Inland Fisheries (DGIF). DGIF requires that any wildlife rehabilitation facility shall have verification from the local zoning administrator that wildlife rehabilitation is a permitted use for the property where it is to occur. Thus a special use permit must be authorized prior to certification by DGIF.

The proposed special use will consist of a rehabilitation room inside the dwelling and the number of animals kept will be small due to space available and the time commitments for care. Several small outdoor cages are located in the enclosed back yard and these are use in order to acclimate animals to the outdoor environment prior to release. No animals shall roam at large on the property.

The Richmond 300 Master Plan calls for Neighborhood Mixed Uses for the property. Primary Uses: Single-family houses, accessory dwelling units, duplexes, small multi-family buildings, and open space.

All properties surrounding the subject property are located within the same R-6 Single-Family Attached Zoning District. Within the area of the subject property, properties are developed primarily with two-family detached dwellings.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
