RE: To authorize the special use of the property known as 908 West 31st Street for the purpose of two single-family detached dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 908 West 31st Street for the purpose of subdividing the lot and the construction of two single-family detached dwellings, upon certain terms and conditions.

REASON: The subject property is located in the R-5 Single-Family Residential District. Single-family detached dwellings are permitted uses on lots that are a minimum of 50 feet wide and contain 6,000 square feet. The proposed subdivision will result in two lots that are 31 feet wide and 4,588 square feet in area. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its April 4, 2022 meeting.

BACKGROUND: The vacant subject property is located midblock on the western side of West 31st Street between Ferncliff Road and Chesterfield Street. A service alley runs adjacent to the rear property line. The subject property is 62 feet wide with a depth of 148 feet for a total area of 9,176 square feet.

The original Woodland Heights Subdivision, which contains the subject property, created a series of 31 foot wide lots. These lots were often purchased in tandem, or triples, then combined. The property adjacent to the south is an original 31 foot wide lot while other properties on the block are 62 and 93 feet wide and are developed with single-family dwellings. The proposed special use will revert the subject property into two 31 foot wide parcels upon which two single-family detached homes will be built.

The Richmond 300 Master Plan calls for Residential Uses for the property. Primary Uses are single-family houses, accessory dwelling units, and open space. Secondary Uses: Duplexes and small multi-family buildings (typically 3-10 units.)

All properties surrounding the subject property are located within the same R-5 Single-Family Zoning District. Within the area of the subject property, properties are developed primarily with single-family detached dwellings.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
