RE: To authorize the special use of the property known as 707 North 31st Street for the purpose of
four single-family attached dwellings, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 707 North 31st Street for the purpose of
four single-family attached dwellings, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit which would allow for the construction of four

single-family attached dwellings within an R-6 Single Family Attached Residential District. While single-family attached dwellings are a permitted use within the R-6, the proposed does not meet current requirements for density, lot area, front yards, lot coverage, and off-street parking. A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council.

BACKGROUND: The property is located in the Church Hill North neighborhood on 31st Street, between M and N Streets. The property is currently an improved 7,040 sq. ft. (.16 acre) parcel of land with a one-story, 1088 sq. ft. dwelling constructed, per tax assessment records, in 1981. The application is for two pairs of single-family attached dwellings.

The City's Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood Mixed Use. This designation is defined as a "Existing or new highly walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses." Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft.

Primary Uses: Single family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space.

Secondary Uses: Large multi-family buildings (10+units), retail/office/personal service, institutional, cultural, and government. (p. 56)

The current zoning for this property is R-6 Single Family Attached Residential District. The surrounding land uses include primarily residential with some institutional and commercial uses nearby. The density of the proposed is approximately 4 units per .16 acres or 25 units per acre.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
